S2133-BK

Especially popular within the industrial sector, this monitor has all the features you'd require. It provides a small footprint taking up little space, an IPS panel in a squared format, and supports older connectivity like D-Sub mini 15 pin.

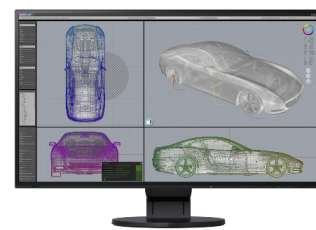

EV2360-BK

The EV2360 is the perfect all-round monitor for you. The small-footprint monitor has a width of just 499 mm and possesses the smallest IPS panel amongst EIZO's frameless models (22.5-inch).

FDF2711W-IP

This monitor is the new release of our IP Decode integrated security solution in a 27" tablet whilst delivering PC-less connection for convenient installation. It's the perfect monitor for all your streaming needs.

EV2785-BK

An aesthetic monitor with a generous 27" screen, frameless design, and 4K resolution with USB type C. The EV2785 is ideally suited for professional and multi-monitor applications containing two HDMI inputs, one DisplayPort, and a USB-C port to aid in receiving video signals.

WHO IS EIZO?

'EIZO' Japanese for 'image' is also the name of one of the UK's fastest growing and world leading manufacturers of high-end visual solutions. EIZO has been designing and building technology solutions for over 50 years, with the aim to produce the best possible solution for each area of application.

That is why EIZO products can be found wherever exceptional image quality is desired or is absolutely necessary. This includes: back offices, hospitals, flight safety centres, design and photo studios, ship bridges, architecture firms, stock exchanges and Air traffic control. In short: When you talk about EIZO, you are talking about uncompromising quality, and about products that achieve the highest levels of reliability, image quality and ergonomics.

The new strategic relationship with Ci Distribution allows EIZO Limited to extend its reach further to new UK markets.

Ci's expertise complements the emerging growth sectors for EIZO Limited. EIZO is recognised for its innovation, reliability and environmental consideration and has a broad range of monitors and complimentary visual technologies, while Ci Distribution has the perfect experience and customer relationships to position EIZO's technology as stand-alone, or complete solutions with their other vendor technologies.
